THE Goebel Law is the most fitting monument that GOEBEL could have.

THE repeal of the Goebel Law by the men who have become its beneficiaries is a wanton insult to the memory of GOEBEL.

THERE may be nothing in a name, but Admiral SCHLEY is shrewd enough to decline to place himself in the hands of the Democratic politicians.

THE last Democratic President people. hauled down the American Flag at Hawaii; it was restored to its place over the Pacific by President Mc-KINLEY.

DEMOCRATS who assert that the Republican National Convention did not Republican shipping plank nothing Doan's Kidney Pills came to my knowlto find fault with, hence their annoy. edge and I procured them at J. Jas. ance. Republicans are satisfied.

marine in the foreign trade, and Congress may be depended upon to pass such a measure early in the next session.

REPUBLICANS have not made a partisan issue on the shipping question, and they wisely retrained from making the Shipping Bill their own demand. All they asked for, and all they were justified in demanding, was proper legislation. Congress must be depended upon to supply the method and put it into execution.

NINE-TENTHS of our entire foreign carrying is done by foreign ships, said the Republicans in their Philadelphia National platform, and they declare this to be a National loss. It is, indeed, since it means the payment of \$200,000,000 a year to foreign shipowners for doing American carrying. No wonder the Republicans demand legislation to remedy this.

A STATEMENT made-and still unchallenged-at the Republican National Convention in Philadelphia, that \$4,000,000,000 have been paid by Americans to foreign shipowners during the past thirty-five years, and that during the next twenty-five years \$5,-000,000,000 more will be paid if there is no change in our shipping laws, fully justified the platform demand for remedial legislation.

THE platform of the Republican party this year is as strong as was the demand of the people for the unanimous nomination of McKINLEY and ROOSEVELT. Of the President it said: "Walking untried paths and facing unforeseen responsibilities, President MCKINLEY has been in every situation the true American patriot and the upright statesman, clear in vision, strong in judgment, firm in action, always inspiring and deserving the confidence of his countrymen." In asking the people to indorse the Republican party for its record of business prosperity, stable currency and patriotic Americanism, it should be remembered that the threat to prosperity has always existed in the ranks of the Democratic party as well as in its incapacity to properly manage our public affairs. The strength of the Republican platform, the strength of the two candidates that represent it, and the unanimity with which both were indorsed by the Republican party at Philadelphia will ensure a more sweeping victory than was given for McKINLEY and prosperity in 1896.

Children often cry, not from pain, but from hunger, although fed abundantly. The trouble arises from inantition; their tood is not assimilated, but devoured, by worms. No Telling What Steps Will Next Be Taken in the Trial of Calcb Powers at Georgetown.

Georgetown, Ky., July 23 .- The attorneys on both sides of the Powers murder conspiracy trial are observng the utmost secreey regarding their prospective movements, and for that reason it is impossible to forecast with accuracy what step they will take next, but it is said the prosecunobody born. The prosecution may close its direct testimony the middle or latter part of the week, but in that event it is expected that the rebuttal testimony which will be offered when the evidence for the defense is in -will be long drawn out. The lawyers for the defense decline to say whether the defendant will or will not be put on the stand in his own defense. Although no authorized statement has been made, it is definitely understood that neither Youtsey, Davis nor Whittaker, who are in jail here, charged with being accessories, will be allowed by their attorneys to testify in the Powers case.

STABBED TO DEATE.

Crippled and Unarmed Saloon Keeper Killed Without Provocation By a Former Policeman.

Frankfort, Ky., July 23.-Wm. Morrison, aged 30, son of ex-City Workhouse Keeper Morrison, stabbed and instantly killed Alex. Dean, aged 28, saloon keeper, at the corner of Washington and Clinton streets, at 9 o'clock, in front of Tom Griffy's saloon, where Dean was employed.

It seems Dean had been trying to persuade his sister, "Sis" Dean, to whom Morrison had been paying attention, to go home. While thus engaged, and without a word passing between the parties, Morrison, evidently enraged with jealousy and angered at Dean's admonition to his (Dean's) sister, walked up and stabbed Dean in the back, the dirk blade protruding through the heart, felling him to the ground dead. Morrison was arrested at 10:30 and placed in jail on a charge of murder. Morrison has always berne a good reputation and has at times served on the police force.
